BRAINWAVE

Math 101

First Things first you need to be able to add 1+1=2 1+2=3 1+3=410+10=20

Some easy addition video

Previous Next

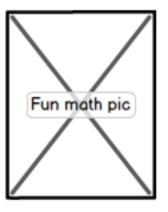

BRAINWAVE

Math 101

Now that you are an expert on addition you should be able to subtract next

10-10=0 10 - 9 = 110-8=2

1-1=0

Subtraction!!!! It's easy

BRAINWAVE

Math 101

Lets get to division now. Its just like multiplying backwards!!!

1/1 = 11/2 = .51/3 = .33

10/10=1

File2

Im a word doc that has been imported to Brainwave. I have either been uploaded as a .docx and am being shown as a picture or I have been converted into html so you can select all my test and such.

BRAINWAVE

Math 101

Alright you have all the basics down! Wasnt that fun. Now we can move striaght into Calc now. HAHA jk. Now you can take a small quiz on you basics though. Select next when you are ready to take it.

What is in the quiz:

- Addition
- Subtraction
- Multiplication
- Division
